English

Slovak

Jozef Vorek

Web Developer

About Me

My name is Jozef. I'm from Slovakia. I graduated from a technical high school with a focus on machinery. After finishing school, I worked as a machinist in the engineering industry. After two years, I left that job and started working as a load binder. In early 2023, I have decided to end my career as rigger and start career as webdeveloper.

Experience

2018-2021

Schaeffler KNM

Mechanic adjuster

- Setting parameters of cnc machines
- Production of wheel bearings

2021-2023
